## ÉCOLE GLENMORE ELEMENTARY REPLACEMENT

Urgently needed • Awaiting Approval

### Background

- High priority in School Replacement Program - Board has been advocating for replacement for more than seven years
- Aging buildings and functionality of multiple buildings not suitable for elementary students
- Glenmore Elementary is overcapacity with 660 students in a building designed for 475 - uses six portables
- Lacks accessibility, security, functionality, support space

### Project Plan

*Build a new elementary school on the current site.*

**\$40M**

### Opportunities

- ✓ Modern learning spaces in a single building conducive to elementary learning, student safety, and learning support spaces
- ✓ Increased capacity for a rapidly growing neighbourhood, reduction of portable use in the area
- ✓ Most cost-effective option
- ✓ Allows for options such as neighbourhood learning centre and community partnerships
- ✓ Keeps students learning close to home
- ✓ Provides enough space for the current dual track (English and French Immersion) programs to continue and grow
