Welcome to our Library

Welcome to a new school year, and welcome to the Library!

My name is Ms. Kelly Kaloti, and I am the Teacher-Librarian at Rose Valley Elementary. Mrs. Taneil Griffin is the Library Assistant. Feel free to drop by, meet us, and have a look through our wonderful book collection!

All classes will have a chance to visit the library at least once a week to exchange books, and learn important literacy skills. Please mark your child's library day on your family calendar as students will need help to remember their books. The Library schedule will be posted on the School Website, when it is finalized.

Reading books for enjoyment, is a life-long skill we would like to instill in all our students! You can support your child's growth and independence by reading to them and discussing the books they bring home. Taking an interest in their selections will help your kids make good choices.

I look forward to working with your child this year and hope to meet you soon.

Ms. Kelly Kaloti
Teacher Librarian

Library Renovations Complete

Our long awaited library renovations are complete. Make sure you come in and have a look! **A special thanks goes to the RVE PAC** for generously donating money to fund this project. Also thanks to the **Neukomm family** for building a special bench for our relocated "Everybody" section. We are still awaiting the arrival of some furniture, but students are already enjoying the new and improved learning space.

Volunteers Needed!

The Scholastic Book Fair is just around the corner on Oct. 4-6. If you can volunteer, please send me an email:
